1	Despoina Pappa	Project Consultant	Management	Despoina holds a BSc in French Language and Literature from the University of Athens.	Despoina has a 5-year experience working in corporate and education with international partners. Prior to that she also tutored French and English to kids and adults.	Mentoring is about more than just teaching; it's about empowering someone to see their potential and guiding them to achieve it. When you invest in others, you're not just shaping their future—you're also enriching your own journey.	EKVASIS	d.pappa@ekvasis.online	
2	Nikos Pischos	Director	Finance	Nikos holds a Master's in Business Administration from the National and Technical University of Athens and a Bachelor's in Banking and Financial Management from the University of Piraeus.	With over of 20 years of experience in the banking industry, Nikos has worked as a Quants Manager responsible for developing, validating and implementing Risk Based Pricing models and has been involved in several projects gaining vast experience in data	Driven by a passion for knowledge sharing and personal growth, I am eager to mentor participants, guiding them through challenges and fostering their development, to create a lasting impact on both their careers and the industry.	DIGICULT	n.pischos@digicult.team	

				management, mining, cleansing, and visualization.					
3	Klaudia Herzig	Portfolio Manager	Minecraft Education	Klaudia holds a BSc in Marketing from Krakow University of Economics and is currently on her way to a MSc in Management at the Warsaw School of Economics.	Klaudia has 3 years of experience in managing Minecraft Education projects and her experience with Minecraft Education started in 2020 when she became a teacher on a course taught solely in MC:E.	I am passionate about mentorship and believe that truly effective teaching begins with understanding the other person. By getting to know the person I am mentoring, I can tailor my guidance to help them unlock their full potential.	DIGICULT	k.herzig@digicult.team	
4	Daniel Martelinski	Minecraft Developer	Minecraft Education	Daniel holds a BSc in Graphic design from Printing and Mechanical School Katowice and currently on his way to a second Bsc in Game design from GWSP Chorzów	Daniel has a 4-years experience of creating Minecraft Education games for teaching and graphic design. He also used to tutor math.	“Mentoring is like building in Minecraft—you start with a foundation, but it's the time, effort, and creativity you put into it that transforms it into something extraordinary. Just like in the game, mentoring allows you to help someone craft their own path, block by block, until they've built something amazing.”	DIGICULT	d.martelinski@digicult.team
